Itinerary

Come experience and taste the wonders of Morro Bay on this private guided kayak tour featuring a visit to Grassy Bar Oyster Company farm location as well as an exclusive oyster tasting back at the kayak docks. Along the way we'll also visit some wildlife hot spots and learn all about how oysters are raised here. Back at the kayak docks Grassy Bar staff will show us how to shuck oysters and you'll get a half dozen oysters to shuck and taste right there!

Climate / Weather

The climate along the coast in Morro Bay is temperate year round, with daily high temperatures rarely exceeding the mid 50s to mid 70s range with most days having highs somewhere in the 60s. Spring days are often breezy and in summer there is often fog for at least part of the day. Fall tends to have the warmest and clearest weather. In winter we may encounter rain, but a significant number of winter days on the bay feature calm conditions and crystal clear air.
